

COVID-19 GUIDELINES: Update

Screenings combined with other Public Health Measures can be used to prevent the spread of COVID-19 by informing the office if you have been in contact with anyone that has been exposed to or if you have had Coronavirus within the last 10 days.

Building Blocks Preschool/Ryan Academy continue to implement these specific measures as outlined below

- **Hand Hygiene:** Disinfecting stations are located upon entry of the building. Parents and Staff are advised to sanitize prior to checking in and all students are required to wash their hands before entering the classroom.

- **Environmental Clean-Up:** Classroom toys are sanitized after contact throughout the day with use of bleach solution and dissolved sanitizing tablets. Commonly touched surfaces are cleaned and disinfected throughout the day using cleaning solution and bleach solution.

- **Sick Policy:** Parents and staff are advised to self-assess their children and themselves and stay home if unwell if they exhibit any of the following symptoms
 - Fever or elevated temperatures
 - Persistent cough
 - Headache

PLEASE BE ADVISED THAT DAILY TEMPERATURES WILL NO LONGER BE TAKEN.

Staff are asked to diligently observe students and notify office if they notice any changes in students' behaviors or appear unwell.
